

# Download From Detached Concern To Empathy Humanizing Medical Practice

A Way of Being . by Carl Rogers Mariner Books; 1980, 416 pages, Amazon Over the years, however, the research evidence keeps piling up, and it points strongly to the conclusion that a high degree of empathy in a relationship is possibly the most potent and certainly one of the most potent factors in bringing about change and learning. The philosophy community on Reddit. Reddit gives you the best of the internet in one place. Very kind to share your experience and remind all of us in the trenches, the s\*%\$ we see builds up. Our medical culture wrings its' hands and thinks we are weak, and we feel shame. (The following is an exchange between a male client Jake and his male therapist. The names and identifying information in all the clinical illustrations in this course have been changed to protect the identities of clients.)
