Modular design can be seen in certain buildings. Modular buildings (and also modular homes) generally consist of universal parts (or modules) that are manufactured in a factory and then shipped to a build site where they are assembled into a variety of arrangements.. Modular buildings can be added to or reduced in size by adding or removing certain components. Azzedine Alaia Articles Back. Sad to hear that Azzedine Alaia passed away last Sunday in Paris. We were fortunate enough to design his first fashion show in New York City in 1982 at Bergdorf Goodman and to work with him on his windows on 5th Avenue .Modular buildings and modular homes are prefabricated buildings or houses that consist of repeated sections called modules. " Modular" is a construction method that involves constructing sections away from the building site, then delivering them to the intended site. An experienced team of 3D designers will design conceptual 3D renderings and Videos. Although RODER's building technology is basically systematic engineering, all facilities can
