The Psychology of Dreams 101 is a wander into the sexy and dark unconscious as Leah takes a Psychology of Dreams adult education class, only to discover that the required dream journal leads to some seriously kinky night journeys. But not all dreams are pleasant ones, and some have far-reaching repercussions in the waking world. The Psychology of Dreams 101 was a very unique 3.5 star read. This was a very different storyline for me and my first read from K.D. Grace. Leah overheard some women discussing their sexy instructor and how hot their dreams had become after they started his Psychology of Dreams 101 class so she has decided to take the class as well.
